

## **MN HOSA Leadership Camp for Advisors in partnership with the National Guard**

Objectives of the Workshop:

- Provide participants with a clear understanding of team and personal development.
- Create an environment of teamwork through physical and social activities.
- Give participants the opportunities to share ideas and experiences, and concerns in the classroom.
- Experience dynamic opportunities that are available to Health Science Teachers to create a TEAM.
- Develop a plan for success for the school year.
- Learn of new opportunities for Health Science classrooms through new partnerships in Industry.
- Understand how HOSA is integrated and enhances your curriculums.
